Lead Warning Statement

Residential dwellings built prior to 1978 may present exposure to lead from lead-based paint. Such exposure may pose various health hazards and place young children at risk of developing lead poisoning. Pregnant women are also especially susceptible to the harmful effects of lead-based paint. Lessors are required to disclose the presence of known lead-based paint hazards. In pre-1978 dwellings, risk assessment for possible lead-based paint hazards are recommended and lessees must receive a federally approved pamphlet on lead poisoning prevention.
